**IMPORTANT INFORMATION REGARDING YOUR COMMUNICATIONS SERVICE**

June 1, 2007

**Dear MCV Broadband Customer:**

In coordination and cooperation with Guam Telecom, LLC dba MCV Telecom ("MCV"), please be informed that, in or about 30 calendar days from the date of this letter, MCV Telecom will be exiting the residential long distance business and IT&E Overseas, Inc. ("IT&E") will assume your long distance services that you have previously enjoyed from MCV.

**Who is IT&E Overseas, Inc.?**

IT&E is one of Guam's most recognized telecommunications providers for long distance, Internet and wireless services. As your new long distance provider, our goal is to bring you the best in long distance communications, utilizing our proven infrastructure that delivers long distance options at affordable and competitive rates to meet your long distance needs. For more information about IT&E, please visit our website - [www.ite.net](http://www.ite.net)

**What does this mean?**

IT&E will provide you with long distance services at comparable rates, terms and conditions that you have enjoyed under your MCV service agreement. The rates, terms, and conditions will be provided upon the transfer of your service to IT&E. The transition will be seamless, with no interruption of service. Just pick-up your phone and dial long distance. Notice of any future changes in rates, terms and conditions will be provided to you as required by law.

**Will I be charged for this change?**

The transition of your long distance service from MCV to IT&E is free of charges. That's right, IT&E will be responsible for any carrier change charges associated with the transfer. The only difference that you will notice will be the name of your carrier and the look of your new monthly bill. Contact IT&E if you have any questions regarding your IT&E bill.

**When Will the Change Occur?**

The transfer of long distance services from MCV to IT&E will occur in or after 30 days from the date of this letter. Even if you have placed a "freeze" on your long distance service to prevent unauthorized transfer to another carrier, it will automatically be lifted to implement the transfer to IT&E's long distance service. At your request, freeze protection can be reestablished after the transfer. We realize you have a choice of telecommunications carriers for your long distance service, and you may choose another carrier at any point; however, your decision to maintain IT&E as your long distance carrier is the smart choice to meet your needs. Please note that you may opt out by notifying IT&E within 30 days from the date of this letter to select another carrier, otherwise, IT&E will automatically assume that you accept the carrier transfer and no further action will be required on your part.

Please note that IT&E will be responsible for addressing any complaints or concerns you have regarding IT&E services; however, any complaints or concerns pertaining to MCV services prior to transfer date on or about July 1, 2007 shall be directed to MCV, respectively.

Thank you in advance for your decision to move forward with IT&E as your long distance telecommunications provider...your local company with global reach. We look forward to serving you. Please feel free to contact customer service at (671) 646-8886.

Sincerely,
